

INTRODUCTION

Luxury isn't meant to be desired - it's meant to be attainable. The ZLINE Autograph Edition 15 in. Touchstone Clear Cube Ice Maker with Drain Pump and Solid Stainless Steel Door with Polished Gold Handle (ICCDZ-ST-15-G) features cutting-edge freezing technology allowing you to craft creative cocktails, iced coffees, and more with restaurant-quality crystal clear ice cubes. Designed with a fully wrapped, antisweat stainless steel exterior and a durable stainless steel door perfect for indoor or outdoor installation, ZLINE Touchstone Ice Makers are masterfully crafted to elevate your entertainment game to new heights.

FEATURES & BENEFITS

Autograph Edition Series - Enjoy a timeless look with a luxurious Polished Gold accent handle, giving your Touchstone Ice Maker an elegant, unmatched style

High-Quality Ice Cubes - Enjoy high-quality cocktails, soft drinks, mocktails, cold brews, ice water, and more with clear cubes that melt evenly thanks to increased surface areas

Multiple Cube Sizes - Craft ice-cold drinks for all ages thanks to an easy-to-use setting that offers 6 different cube sizes, with each cycle creating 40 clear cubes

Factory Installed Drain Pump - A high-caliber sealed drain pump with a 6-foot hose creates installation flexibility by giving customers options on where to drain water

Seamless Integration - A precise zero-clearance design matched with an easy-toinstall anti-tip device allows for flush built-in installation into any undercounter setting

Sabbath Mode - A convenient Sabbath Mode enables optimal energy efficiency for those of particular faiths during use on the Sabbath and holidays
